Meanwhile the sisters’ evening meals take on an unusual flavor.

A terrifying centuries-old evil has awakened in the form of the wicked, voluptuous Lilith. She uses her beauty and insatiable lust as a potent lifeforce which spreads death and destruction to all who dare to succumb to her charm and possess her. The story is set in 1945, when Lilith is invited by Dr. Seward, the grieving widow of Count Dracula, to attend the funeral of her estranged husband. Lilith accepts the invitation but hertrue purpose is to unleash the ancient evil that haunts Dracula’s castle and his bloodline. She uses her powers to carry out her plans, marrying into the family and sowing discord among the vampires.

The story unfolds as Lilith's scheme backfires, causing a small turtle to revert to a giant prehistoric size monster. The creature, known as the "Sister Marinescu" and her equally bizarre housemates, are soon seduced and trapped into a suburban Los Angeles house by the sisters. The sisters’ family estate is under attack by this ancient sea creature—whose mythological origins are rooted in the Greek tale of Demeter and Persephone. The sisters' evening meals are filled with unexpected and terrifying elements, causing them to question their reality.

As the sisters struggle to make sense of their circumstances, they realize that Lilith is not their only threat. A mysterious and alluring Mary and her equally bizarre housemates are also in the sisters’ sights. Mary and her housemates are a reportedly haunted family with a secret past. They are in the process of resurrecting an ancient tribal mask that possesses the power to grant eternal life. The sisters must confront their own inner demons as they fight to protect their family and themselves from Lilith's relentless pursuit.

In the end, the sisters' fate is decided by the oldest of the seven keys that will open the crypt to Lilith's ultimate defeat. Will they succeed in stopping Lilith and restoring peace to their family? Or will the sisters fall victim to Lilith's seductive charms and be lost forever in her enchanting grasp?
