2091667 CIVIL WARS: A History in Ideas. By David Armitage. Ideas of what civil war is and what it isn’t have a long history. For centuries, civil war was seen as a sacred act of self-defense, and a means to the establishment of a better society. Emotions ran high, and some conflict was allowed to simply burn itself out. But in the modern era, civil war is defined as a conflict between opposing groups within a single state. The authors examine the dramatic changes in warfare brought about by the rise of nationalism and modern states. Fully illus., many color, 320 pages. Charwell. Pub. at $19.99 $3.95 6967132 GLADIATORS: From Spartacus to Spitfires—One-on-One Combat Through the Ages. By Ben Hubbard. Around 180 CE, gladiators entertained an avid, if somewhat bloodthirsty, audience. In the early 20th century, the first Spitfire flew. Blurred are the lines between these two different forms of combat. This book traces the development of both gladiatorial and air combat through history, giving a fascinating insight into the evolution of warfare. Fully illus., most in color. 224 pages. Pen & Sword. Pub. at $16.95 $5.00 2990385 MAPS OF WAR: Mapping Conflict Through the Centuries. By Jeremy Black. From the seventeenth century onwards, military commanders and strategists began to map the wars in which they were involved. These maps were later used by the public and by other commanders, to understand the dynamics of a phenomenon still shaping our world. 349 pages. Knopf. Pub. at $27.95 $9.95
