General Military History

UN-AMERICAN: A Soldier's Reckoning of Our Longest War By Erik Edstrom. A hybrid of social commentary and memoir that exposes how blind support for war exacerbates the problems it's intended to resolve, devastates the people allegedly being helped, and diverts assets from far larger threats like climate change. Edstrom offers a blueprint for redressing America's relationship with patriotism, the military, and military spending. Illus. 290 pages. Bloomsbury. Pub. at \$28.00
