1808818 BODY LANGUAGE 101: The Ultimate Guide to Knowing When People Are Lying, How They Are Feeling, What They Are Thinking, and More.

Provides you with the tools you need to question and understand the intentions of those around you. Using a unique combination of hard science, personal experience, and first-hand interviews with key experts in the field, this book will teach you to spot when someone is lying, why they're lying, and the reasons behind their deception. Whether you're trying to detect lies, avoid being deceived, or improve your own ability to communicate truthfully, this book is the perfect guide for anyone who wants to improve their understanding of body language.

White listening is often regarded as talking's meek counterpart. Murphy discovered it's actually the more powerful position in communication. We learn when we listen, it's how we connect, cooperate, empathize, and fall in love.

What if we might take it for granted, or well we listen, to whom, and under what circumstances determine who we are and the paths we take in life.
